

School Annual Report

HIRA PUBLIC SCHOOL, VANNAPPURAM

(Estd.1998, Affl. No.930743)

INTRODUCTION

In the year 1998, The HIRA PUBLIC SCHOOL began its journey in pursuit of meaningful education. Now, Hira Public School is celebrating its 23rd annual day HIRA WAVES 2019 . I take great pleasure to welcome you all to this grand festival of this school. On this day I feel immense pleasure to present the report of the school's activities and the function of this academic year 2019-20.

This year has been a very eventful one for us. We have made great efforts to transform ourselves completely into the Uniform System of Assessment format and have been extremely successful in most of our endeavors. Apart from preparing the children to qualify for purely academic demands, special efforts are being made continuously to enable them to face the challenges of the competitive world. It's a matter of great importance to us that the students who pass out from our portals should carry forward the values they have inherited, excel in whatever they do and be role models in the society.

THE HIRA JOURNEY THUS FAR...

Hira Public School is one of the well known public schools in Thodupuzha Taluk of Idukki District of Kerala, owned and managed by Vannappuram Town Jamaath. Honorable Syed Muhammed Ali Shihab Thangal unveiled the foundation stone of Hira public school in 1998. It is situated by the side of SH 40 in Vannappuram town adjacent to Town Juma Masjid. Today after 22 years, the school has been a remarkable space in imparting the modern English education to the common people here.

The school stands here in the society just more than an academic institution. The unique motto of our school is "Educate, Explore, Enhance" with an immense aim to mould children into nourishing personalities through an equal emphasis on Academic and Co – Curricular Activities. As we know, a giant resides within in every child; however, no one realizes the full potential of their own talents. When people fail to make use of their talents properly, they slowly degenerate. Thus, we identify their inner potential at a young age and they are enhanced and encouraged to explore their inner talents as well as blossom under our care. Our efforts marked towards to

unfold and celebrate every child's limitless possibilities by providing a caring environment that cherishes creativeness, vision, diversity and veracity.

The school system provides all students with a safe and nurturing environment, and with a core curriculum that is rich and rigorous and which respects diversity in students' learning styles. Our skilled and experienced teachers not only unlock the knowledge that lies within books, but also instill the qualities and moral values that make for an honest, responsible and dignified personality. We encourage our children to become balanced, self-disciplined, reflective individuals providing meaningful opportunities for taking responsibility.

Academic Year 2019-20

The various events conducted during the year are as follows:
